

TORONTO REGENCY ASSEMBLY

This is a dance series for those with strong English and/or Scottish country dance skills seeking the rewards of a more challenging dance experience in a historical context (choreography, footwork, clothing and venue).

Basic English country dance figures and structures will not be taught. An advanced dancer does not depend on other dancers to get them through the figures, and has the ability to respond quickly and more or less automatically to the caller's instructions (unless they involve an unusual figure or formation), to learn unfamiliar material with reasonable ease and keep up with exacting or occasionally vigorous timing and tempos. We also strive to make our dancing beautiful and to interact graciously with our fellow dancers in order to emulate the best of the Regency ballroom.

Period-appropriate clothing is required.

If you have any questions about any aspect of this dance series, please contact us:
